

We are proud to present you our newest product

pauli® WHITEBOARD MARKERS

Made in Austria

This Whiteboard Marker has a new developed ink

- which dries instantly and is dry-wipeable from whiteboards and virtually all non-porous surfaces.
- has an extreme long durability due to a **bigger ink reservoir** with more ink than any other available Whiteboard Marker
- our ink has a **cap off time** of hours if the Whiteboard Marker is left uncapped. (cap off time can vary depending on colour, type of tip and temperature)
- After re-capping the regeneration of the ink flow is very quickly done.
- Should be always re-capped (closed) and kept in horizontal position when not in use.
- Storage should be always in the horizontal position.
- Available in chisel tip 5 mm and bullet tip 3 mm
- Available in the colours: black, blue, red, green

Packing:

- in an attractive printed box of 12 Whiteboard Markers/colour and in an outer carton of 12 boxes/12
- in a glass clear PP wallet with hanger for 4 Whiteboard Markers in the assortment of black, blue, red, green and in an outer carton of 24 wallets/4
- single in a glass clear hanging bag for 1 Whiteboard Marker with an outer carton of 72 bags/colour

Shelf Life:

- Average 2 years for original closed Whiteboard Markers under normal storage conditions means in a permanently air-conditioned place with 20 – 23 degrees. The shelf life can get shorter due to special climate and storage conditions at your end.
